

“Forever”

Written by Emanuel “EJ” Johnson

Baby I will love you forever, my dear
If you say that we will always be together right hear

The time is right for you and me to finally be together
We're gonna spend the night making real good love together

Ever since day one I have imagined
You and me together as one

The moon is out and the stars are brightly shining tonight
This is the moment that I've been waiting for all of my life

Baby if you say that I can have things my way
It'll be you and me together as one

I can imagine just me and you

Lay your head on my chest
Let me hold you in my arms
I just wanna make love to you all night baby

And if you say that you'll be mine forever
I promise to love you always
It's gonna be all right baby
Just you and me, in love we'll be

Put your hand in mind
Love me all the time
It's gonna be all right baby
Oh baby, sing it real pretty now
