

“It's True (I Love You)”

Written by Emanuel “EJ” Johnson

It's true I love
But you just don't seem to understand
I really adore you, yeah
And I really want to be your man

I'm out here all alone
And my heart still has no home
And I've been thinking how good this could be
With you and me

It's true I love
But you just don't seem to realize
My whole world's about you yeah
And I see my future in your eyes

I've been in and out of love
Still it's you I'm thinking of love
And I promise to be true
Honest I do

And my back ground sang
La la la la la, la la la la la

It's true I love you
And if you'd only let me in your
We will be together
For eternity as man and wife

And I thank my God above
For blessing me with your sweet love
And there will be no love more true
Than me and you

And my back ground sang
La la la la la, la la la la la
